**RESOLUTION T-16948  
December 15, 2005**

**R E S O L U T I O N**

**RESOLUTION T-16948. Voluntary revocation of Certificates of Public Convenience and Necessity held by Vanco US, LLC (U-6747-C).**

---

**Summary**

This resolution revokes, at the request of the company, the Non-Dominant Interexchange Carrier (IER) Certificate of Public Conveniences and Necessity (CPCNs) held by Vanco US, LLC.

**Background**

Vanco US, LLC filed its application for long distance authority in A.02-11-023, and that authority was granted in D.03-01-053 on January 24, 2003. No tariff filing was required.

The company sent a letter, dated November 3, 2005, in which it requested that this authority be revoked.

**Discussion**

Telecommunications Division (TD) recommends that this request for revocation be granted and that the company's Utility Identification Numbers be cancelled.

There is no reason to deny this request, since there are over 700 companies currently authorized to perform long distance service. The company also states that it provides Voice Over Internet Protocol (VOIP) service, and the Federal Communications Commission (FCC) has ruled that this service is under the FCC's jurisdiction. The company has not remitted surcharges because it provides VOIP service exclusively.

This is an uncontested matter in which the resolution grants the relief requested. Accordingly, pursuant to PU Code Section 311 (g)(2), the 30-day period for public review and comment is being waived.

**Findings**

1. Vanco US, LLC certificated by the Commission in the long distance market.
2. The company requested by letter that its CPCN be revoked.
3. The company's CPCN should be revoked and its Utility Identification Number should be cancelled.

**THEREFORE, IT IS ORDERED that:**

1. The Certificate of Public Convenience and Necessity granted to Vanco US, LLC is revoked.
2. The company's Utility Identification Number (U-6747-C) is cancelled and shall not be reissued.

This Resolution is effective today.

I hereby certify that this Resolution was adopted by the Public Utilities Commission at its regular meeting on December 15, 2005. The following Commissioners approved it:
